Since 1998

CONCEPT TO COMMISSIONING  
PLANNERS & PARTNERS FOR SUSTAINABLE GROWTH

# ABOUT US

**AG Horizon Pvt. Ltd.**, established in the year 1998, is a multi-functional, multi-disciplinary organization offering a wide range of consultancy services to multiple sectors for the implementation of projects under one roof from "Concept to Commissioning". We have the privilege of working with Central & State govt. and with Multi-lateral funding agencies viz. World Bank, JICA, New Development Bank, Asian Development Bank etc.

With the vision of sustainable future, we have partnered with **Moody's Analytics**, a global integrated risk management firm established in 1909. Moody's Analytics provides financial intelligence and analytical tools to help central & state governments worldwide and business leaders to make better and faster decisions.

AG was established in 1998 as a solution provider company for golf and tourism industry. In 2017, we transformed ourselves into "AG Horizon Pvt Ltd".

# SUSTAINABILITY

AG Horizon Pvt Ltd strives to be an ESG, SDG, Carbon Credit, and Climate Change advisor. We are driving a wave of innovation and economic growth that protects the environment and promotes sustainability.

- At AG, we recognise the importance of ESG, acting ethically and inclusively in the workplace, building community resilience, and encouraging the greater ecosystem to embrace change.
- As a universal call to protect the earth, AG assists clients in reaching Sustainable Development Goals and having a long-term impact for all stakeholders.
- At AG, we guide clients to develop carbon credit projects to meet their climate objectives by purchasing credits for existing emissions. We also assist to achieve their aspirational net zero targets.
- The AG team is well-equipped to provide creative ideas and approaches for climate change adaptation, mitigation, and preparedness. We assist in the optimisation of operations, to reduce greenhouse gas emissions.

## SOCIAL & PUBLIC

AG Group has deep roots in the public and social areas of Sports, Tourism, Education, and Health care. AG provides an overall solution to prepare a comprehensive project report and master plan and deliver any project in the public and social sector.

- AG offers full consulting and development services to national and international game management organizations. We can create strategies that help our clients stand out from the pack.
- AG contributes significantly to tourism by developing one-of-a-kind master plans and road maps for investors, governments, and others. We build mega projects and work on Government of India initiatives for overall tourism.
- AG provides customised training and educational opportunities. Our one-of-a-kind educational approach is the deliberate transmission of society's collected information, skills, and values from one generation to the next.
- AG assists hospitals and medical colleges with feasibility studies, planning and design, project management, procurement, and other services, as well as aid in the creation of health policies and programmes.

## ENVIRONMENT

We work in several environmental sectors, including water, irrigation, agriculture, animal husbandry, and horticulture and forestry. We have delivered sizeable projects on complex terrain.

- AG's role is to deliver advanced scientific water management solutions through tailored irrigation systems, design planning, and state infrastructure enhancement programmes.
- We spread modern agricultural production techniques and scientific farming practises to boost crop productivity and self-sufficiency among our farmers.
- AG provides consulting services to help identify major issues related to the development of the Animal Husbandry sector and develop a road map, action plan and sector development strategies.
- Landscaping, plantation, floriculture, agricultural projects, biotechnology, and the development of bio-fuel nurseries are all examples of AG horticulture activities.

## TRANSPORT

Our division of experts conceptualizes, develops, designs the project, including the completion and maintenance making it a comprehensive service.

- AG core team provides consulting services for Railway, Aviation, Ropeway and Electric Vehicle for capacity building, land reform monetization, infrastructure planning, policy implementation.
- AG works with the client to help him prepare to present a funding case to ministries and funding agencies. We enlist the help of specialised firms to address the viability gap, operations and maintenance issues, and funding concerns.
- Our service begins with developing and advising the client on a clear strategy for reducing capital asset risk. Based on demand, we create a framework for electric vehicles (EV).

## ENGINEERING

AG's engineering services include textile, information technology and telecommunications, power and renewable energy, and infrastructure.

- AG's focus is on assisting corporations and state governments in developing policies. Strategy for reaping the benefits of skill development programmes.
- AG Digital believes in building and providing cutting-edge business intelligence analytics, IOT, and smart cities solutions in reaching short and long-term digital goals.
- AG takes care of the overall planning and execution of large and minor power projects. We handle everything from solar parks to grid management services.
- AG provides services for roads, highways, industrial corridors, industrial parks, townships, office and commercial buildings, shopping malls, institutional buildings etc
